

# WHO ARE WE?

*OUR MISSION IS TO BE THE MOST RESPECTED, TRUSTED, AND PREFERRED SOFTWARE CONSULTING FIRM IN THE INDUSTRY BY PROVIDING ONLY THE HIGHEST QUALITY SERVICE AND THE HIGHEST VALUE TO OUR CLIENTS.*

*AT AN AFFORDABLE PRICE.*

# WHAT CAN WE DO FOR YOU?

*Help you grow your business, improve your efficiency and capture that market opportunity. That's what.*

## STREAMLINE YOUR OPERATIONS.

Looking for increased efficiency and productivity? Custom tools and applications? More efficient and robust workflow? Enabling a distributed workforce? Integrating or customizing business software? Migrations to newer systems?

Talk to us. Let us help you define and build that perfect solution your users will love.

## GROW YOUR BUSINESS.

Missing product features? Integrations? Migrations and implementations? Let us help you build and deploy the perfect product, at a reasonable price.

## TAME A WILD PROJECT SCHEDULE.

Staff shortages? Let our experienced professionals dive in and help you crash that schedule, meet a deadline and just generally wow and amaze your customers and stakeholders.

## LAY OLD SOFTWARE TO REST.

Cumbersome, hard-to-support old legacy application? We can replace that with an extensible and powerful web application leveraging all the benefits of modern web technology.

# SERVICES

## POWERFUL CUSTOM SOLUTIONS

Looking for efficiency and productivity? Starting from an analysis of Roles and Tasks we analyze your requirements and workflow, looking for opportunities for Lean optimization along the way. We work with you to define and create powerful solutions your users will love.

## MANAGED PROJECTS

Already know what you want? We work with you to define the desired outcome, described in time, scope and cost, and we get it done. Remove the risk.

## CONTRACT STAFFING

Top quality software developers, business analysts, quality assurance specialists and project managers are available to join your projects and lend a helping hand.

# ABOUT US

We attract, motivate, manage, and retain the best software professionals. We provide an excellent work environment. And we provide meaningful work; work directly connected to the value we deliver to our customers. Great people want to work with great people.

We are your dependable go-to team, whether it's to reliably complete your software project or add professional staff to augment your team. We remove the risk and hassle of software development so you can focus on building your business.

# FOR OUR USA CUSTOMERS
